The Carroll News

Campus and Community Want

To Be Kept Informed

Students at John Carroll University are notorious for being frequent readers of *The Carroll News*, especially since they don't have to pay a red cent for an issue.

Also, many students, and residents of University Heights, have been frequenting the restaurants, companies, and stores that have advertised in that same campus newspaper. After all,

the ads reach over 3,000 college students and over 1,000 faculty, staff, and family members each week.

How else is a college student supposed to discover what is happening in the areas around them?

After all is said and done, *The Carroll News* reaches over 4,000 people directly, efficiently, and inexpensively each week.
